Dear Mr. Chairman:

FOR SO or PA (ARRANGEMENTS)

TO AUTHORITY TO OADE

I have read your letter of October 27 with great

care and welcomed the statement of your desire to seek a prompt solution to the problem. The first thing that

needs to be done, however, is for work to cease on bases

offensive missile ~~XXXX~~ in Cuba and for all weapons

systems in Cuba capable of offensive use to be rendered inoperable, under effective United Nations arrangements.

Assuming this is done promptly, I have given my representatives in New York instructions that will permit them to work out this week and -- in cooperation with the

Acting Secretary General and your representative --  
an arrangement for a permanent solution to the Cuban  
problem along the lines suggested in your letter of  
October 26. As I read your letter, the key elements of  
your proposals -- which seem generally acceptable as  
I understand them -- are as follows:

1. You would agree to remove these weapons systems  
from Cuba under appropriate United Nations observation  
and supervision; and undertake, with suitable safeguards,  
to halt the further introduction of such weapons systems into  
Cuba.

2. We, on our part, would agree -- upon the establish-  
ment of adequate arrangements through the United Nations to  
ensure the carrying out and continuation of these commitments --  
(a) to remove promptly the quarantine measures now in effect  
and (b) to give assurances against an invasion of Cuba and I  
am confident that other nations of the Western Hemisphere would  
be prepared to do likewise.

If you will give your representative similar instructions,  
there is no reason why we could not be able to complete

these

these arrangements and announce them to the world within a couple of days. The effect of such a settlement on easing world tensions would enable us to work toward a more general arrangement regarding "other armaments", as proposed in your second letter which you made public. I would like to say again that the United States is very much interested in reducing tensions and halting the arms race; and if your letter signifies that you are prepared to discuss a detente affecting NATO and the Warsaw Pact, we are quite prepared to consider with our allies any useful proposals.

But the first ingredient, let me emphasize, is the cessation of work on missile sites in Cuba and measures to render such weapons inoperable, under effective inter-national guarantees. The continuation of this threat, or a prolonging of this discussion concerning Cuba by linking these problems to the broader questions of European and world security, would surely lead to an intensification of the Cuban crisis and a grave risk to the peace of the world. For this reason I hope we can quickly agree along the lines outlined in your letter and in your letter of October 26.

/S/ John F Kennedy
